AFTER THREE YEARS

Norwich Testimony Remains Unshaken.

Time is the best test of truth. Here is a Norwich story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. C. Bennett, 46 Palmer St., Norwich, says: "Some years ago one of my family suffered from backache. Every cold settled on the kidneys and made the trouble worse. The kidneys were disordered, as was shown by the kidney secretions being irregular in passage. Doan's Kidney Pills, procured at N. D. Sevin & Son's Drug Store, brought prompt relief."

A LASTING EFFECT.

Almost three years later Mrs. Bennett said: "Doan's Kidney Pills cured one of my family of kidney trouble some years ago and there has been no sign of it since. I willingly confirm my former endorsement of this medicine."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bennett has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

More Families Than Homes. New families are constantly arriving in Danielson to take work offered by various concerns, but members of them are lost to the town again because they can find no homes in which to live. The demand for houses is away beyond the supply and the building programme is not extensive enough to cause much improvement in the situation.

SPENT FIFTEEN CENTS, THEN PAID \$22.75. Getting Liquor For Man on Blacklist Proves Expensive.

In the town court Monday morning

Judge W. F. Woodward fined Michael Tetrowski \$10 and costs, the whole amounting to \$12.75, for having procured liquor for a man on the blacklist. Tetrowski paid 15 cents for a half pint of cheap whiskey, getting it for the man as a favor. It is understood that Tetrowski did not appreciate the chances he was taking in securing the liquor.

The action against Tetrowski with the court to make the money cost in the case a little cheaper, but he was told that he was not before a bargain counter and that he must pay or go to jail. Tetrowski thereupon dug down into the secret recesses beneath the top buttons of his vest and hauled forth a wallet that was plentifully fat with the coin of the realm.

The action against Tetrowski is a warning for others who are engaged in buying liquor for men on the blacklist.

SPECIAL TOWN MEETING

New Streets at Industrial Place Accepted—Voted to Gravel a Section of Highway Between Dayville and Williamsville.

Only a small number came out Monday afternoon for the special town meeting in the town hall. Town Clerk F. T. Preston called the meeting to order and F. A. Jacobs was selected as chairman.

The first matters in the warning—the acceptance of streets at Industrial place—were quickly and favorably disposed of, the town voting to accept specified highways, including Lewis Boulevard and Connecticut Mills avenue, in accordance with a survey made recently under the direction of the selectmen.

No one appeared to talk for the acceptance of Griffiths street, so that matter was laid on the table.

The meeting accepted the following report of the special committee relative to town finance, but vote on the conclusion relative to placing record vaults in the town hall building and providing rooms there for the town clerk and his report.

To the Citizens of the Town of Killingly: Your committee appointed at the annual town meeting October 2, 1915, consisting of the treasurer, first selectman, Milton A. Shumway and Frederick A. Jacobs, to take the whole matter of borrowing money under consideration and report to the town, has the honor to report.

Immediate steps were taken by correspondence and personal interviews with prominent financiers and it was the conclusion of your committee that better terms could be made in the spring towards floating a bond issue.

There is no doubt in the minds of your committee that bonds of the town of Killingly, to the amount of \$75,000, can now be sold advantageously. They believe that a 4-1-4 per cent. serial bond issue can be located at a premium, as municipal bonds are now in demand. The town of Putnam recently sold 4-1-4 per cent. bonds at a premium and the town of Sprague last month sold an issue of \$50,000 of 4 per cent. bonds at a premium.

Your committee recommend a serial form of bond as a particularly advantageous one, and a form likely to be easily marketed, since the variety in maturity meets the varied requirements of institutions and individuals who are generally in the market for loans of this kind.

Your committee recommend that the town of Killingly issue 4-1-4 per cent. bonds for \$75,000, maturing \$25,000 each year, for the next twenty-five years, and in order to meet these bonds at maturity, the town levy a tax of 3-4 mills each year, the money raised by this tax to pay up the bonds as they mature. In this way the town will gradually pay up the bonds and thereby improve its financial standing.

Your committee are advised that this would probably cover the total cost of preparing and furnishing the bonds with coupons attached, the preparation of all votes and legal documents, the collection of the bonds by a trust company, and the services of the lawyers.

Respectfully submitted.

(Signed) FRANK T. PRESTON, LOUIS E. YOUNG, MILTON A. SHUMWAY, FREDERICK A. JACOBS.

The special committee appointed at Monday afternoon's meeting to investigate relative to building record vaults in the town hall building and to provide quarters there for the town clerk is made up of the members of the board of selectmen, the town clerk, Judge of probate, W. P. Kelley and C. H. Truesdell.

The meeting voted to gravel a section of the highway between Dayville and Williamsville at a cost not to exceed \$500, this work to be under the direction of the selectmen.

The meeting adjourned to the third Monday in June.

Fans Pleased With Team. Putnam fans are well convinced that Manager Forni will see to it that the city is well represented in its baseball team during the present season.

While the team lost the opening game Saturday, it showed up so well as to indicate to the fans that it is made up of splendid material and that it can be expected to give a good account of itself in every game. The team goes to Danielson for next Saturday's game, which should be a good one, as the teams are evenly matched.

The players are interested in the announcement that the Lebelles trophy cup, which goes to the winners of the championship of the Eastern Connecticut interscholastic league, is to be displayed here soon.

ANSWERED AUDITORS' QUERIES.

Mrs. W. J. Bartlett Catechized at Meriden Suffrage Meeting.

In her address in Meriden in the interest of suffrage, her subject, The Problems of the Home, Mrs. W. J. Bartlett took up some new lines of argument in favor of the causes and at the close of her address, submitted to quizzing from the audience.

A few of the questions asked and the answers given by Mrs. Bartlett follow:

If all the women wanted the vote, they would get it. The speaker answered by saying: When an overwhelming majority of women want what they ought to have, then they can have it; extension of suffrage has never been granted on those terms. No great reform has been won on such terms.

I venture to say nine out of ten want it.

Second argument—"The bad woman's vote to be feared, called their attention to the fact that statistics show 90 per cent. in our jails and penitentiaries are women."

When it was proven that the small majority in our jails were women, opposition ended. If women were jailed as they should be there would be many more in jails, saying men juries generally just throw up their hands and give the problem up who are called upon to deal with a woman criminal and let her go scot free. The speaker said it is true, the statistics of justice is a disgrace to our courts when after the prosecutor has spent weeks of time and thousands of dollars in proving a woman guilty of some crime, the jury brings in a verdict of not guilty in the face of overwhelming evidence to the contrary. Then I say it is proven that a woman jury would correct this evil: women can judge women just as men judge men, nor would women juries be unduly hard on their sex.

SPITE FENCE LEADS TO CIVIL ACTION.

Mrs. I. L. Franklin Has Writ Served on Mr. and Mrs. Usam Benner, Through Neighborly Disagreement.

On Monday Deputy Sheriff George F. Holbrook served a writ in a civil action on Mr. and Mrs. Usam Benner in favor of Mrs. I. L. Franklin and levied on the Benner property in the sum of \$1,000. The papers in the case ask that a high board fence erected on or near the boundary line between the Benner and Franklin properties be removed.

The Benner property fronts on South Main street and runs east to the Franklin property, which fronts on Chapman street. There have been causes of friction between the parties in the action for a period of years over different matters pertaining to the properties, the common council at one time being asked to suppress the cackling in the early morning of poultry kept on the Benner property.

The fence complained of is approximately eight to ten feet in height and has been erected for months. It is claimed by the plaintiff that the fence is unsightly, that it shuts out sunlight from certain rooms in the Franklin home, obstructs the view and is in other ways undesirable.

There has been erected on the Franklin property, on a pole a dozen feet

This club has a pretty camp on the north shore of Alexander's lake. Its membership now numbers 32, and they are anticipating one of the best seasons in the club's history. In preparation for the opening of the lake to fishing after a period of three years, the club has procured four motor boats to add to its fleet of three motor boats. During the past winter the members filled an clubhouse at Camp Pleasant. A garden is to be planted, as was done last year, and other provision is being made to have the camp prepared to meet the demands of members and guests.

After the address a short business meeting was held, and this was followed by a one-act play entitled The Man from Brandon, presented by the pupils of the eighth grade under the direction of Miss Kent. The parts were so ably played, and the audience was greatly amused by the many humorous situations developing from the mistakes of a guest for supper, complicated by the appearance of a doctor seeking an insane patient. The cast was as follows: Phil Lester, captain of Brandon football team, Stuart Pease; Jeremiah Decker, M. D., from the Kirby House Hospital; Wilbur Loren, Dan Moulton, of Brandon; Miss Janet Spencer, a maiden lady; Helen Thompson; Bertha Moulton; Miss Janet's niece, Elizabeth Wheelock; Bertha Melvin, Berence's friend, Myrtle Storm; Anne Miss Janet's maid, Wilhelmina Frost.

At the close of the program Mrs. C. D. Arnold gave an interesting report of the convention of the State Congress of Mothers and Parent-Teacher Associations, held at New Haven a short time ago.

Parent-Teacher Association Boy Scouts' Demonstration and Address by Dr. Bullard at Meeting—Play Follows.

The monthly meeting of the Parent-Teacher association was held on the evening of May 9th with an exceptionally interesting program.

After the opening of the meeting by the president, a troop of Boy Scouts gave a splendid exhibition of the practical first aid work which all boy scouts are taught to do. They first demonstrated the proper way in which to remove a person from a burning building; then quickly followed the making of a tourniquet, bandaging of the forearm, extending the head to entirely cover the scalp, two methods of resuscitation from drowning, and finally the proper treatment of a broken leg and the making of a stretcher and the carrying away of the injured one.

Dr. Bullard, the speaker of the evening, gave a helpful lecture on Hygiene of School Children. She suggested a menu which was properly balanced to supply the needs of the growing child and urged extreme care as to personal cleanliness. The danger from tuberculosis was made very clear by statistics showing that tu-
